

## How to get to the conference venues?

All the conference venues (the main venue, the workshop 1/3 venue and the welcome cocktail venue) are located on the university campus or next to it. Their exact locations are given further down this document. First come the directions from your hotels to the campus.

If you stay in one of the hotels recommended at the conference site, the conference venue is within walking distance. Below find the links to the relevant maps.

## Conference venues

### **Main conference: University of Warsaw Conference Centre (The Old Library)**

Address: Krakowskie Przedmieście 26/28

As you enter the campus through the main gate, which looks like this:

it is the building right in front of you (you can actually see it vaguely in the picture). From a closer distance, the building looks like this:

**The welcome cocktail: The Kazimierz Palace**

Address: Krakowskie Przedmieście 26/28

It is the building directly behind the main conference venue.

**Workshops 2 and 4: University of Warsaw Conference Centre (The Old Library)**

Address: Krakowskie Przedmieście 26/28

The main conference venue, room 206, second floor

**Workshops 1 and 3: Institute of Applied Linguistics,**

Address: Browarna 8/10.

Basement, room 056

Leave the campus through the side gate, turn left and continue down the street and through the park. It is a terribly ugly and dilapidating building, but the computer lab is state of the art. Don't feel sorry for us, we are about to move to a new building at the end of the year.
